## GENERAL REQUIREMENTS FOR SUBMITTED PAPERS

- Papers in two languages – Russian and English – that comprise results of own scientific studies, being up to 6–8 pages (up to 10 pages for reviews) but at least 5 pages (single-spaced, size 12) are accepted for publication. Optimal paper size: **3,000–6,000 words**.

*Submission of a manuscript to the editors office implies that the author's consent for his/her manuscript use both in paper and electronic formats. Authors are responsible for completeness and reliability of the literature cited in their papers as well as for publication of the borrowed materials without reference to their source. The materials forwarded to the editor office should be accompanied with the letter of the author's organization (the model is available on the site).*

## STRUCTURE OF PRESENTED PAPER

1. UDC
2. Title of paper
3. Full names of authors, authors' workplaces, city, country, ORCID ID, e-mails.
4. Summary (brief and accurate outline of the paper containing data and conclusions of described works): 200–250 words, not more than 2,000 characters.
5. Key words (5–6 words, phrases), more precisely representing the paper specificity.
6. Acknowledgements (if any information on acknowledgements to people and sponsoring organizations).
7. For citing
8. Conflict of interest
9. For correspondence (full name, scientific title, position, address, e-mail).
10. Introduction
11. Materials and Methods
12. Results and Discussion
13. Conclusion
14. References. Vancouver style – sequentially numbered list of references in the order of their citing (appearing in the text).
15. Information about the authors (full name, scientific title, position, city, country).
16. Only illustrated materials (photos, pictures) of good contrast with resolution of at least 300 dots per inch (300 dpi) are accepted for publication, originals are attached to the papers as separate files in .tif or .jpg format (figures not compliant to the requirements will be excluded from the papers as their appropriate typographic reproduction is impossible).

The paper should be presented as follows: Microsoft Word, font Times New Roman, font size – 12, line spacing – 1, margins – 2 cm, first line indent – 1 cm, text alignment – justified text.

Figures, tables, diagrams, graphs, etc. shall be numerated, have indicated sources and fit to page printing. Table name should be given above the table; figure/graph name – under the figure/graph.

Paper originals and copies are not returned. Authors shall guarantee that submitted materials have not been published before. Compliance with all above-said requirements of the editorial board is essential for paper acceptance for publication in Veterinary Science Today journal.
